

Technical Data Sheet

Bondloc B7768 Silicone PTFE

Revised 03.08.10

Bondloc B7768 Silicone PTFE

PRODUCT DESCRIPTION

B7768 is ideal for a multi-purpose, multifunctional light grease application. A basic grease enriched with silicone and PTFE to reduce friction and improve the lubricity of the grease, producing a very high performance lubricant grease.

APPLICATIONS

Silicone PTFE has been designed for use on hinges, brushes and pivot points to ensure smooth operation and protection from moisture and other elements. Improved protection and durability are given by the silicone and PTFE resulting in a better level of performance under greater stress than standard grease.

USEFUL NOTES

- Reduces friction
- Improves protection
- High performance lubricant

INSTRUCTIONS FOR USE

Spray onto the surface from a distance of 10-20 cm. For more detailed application use the extension tube, to spray directly onto or into the desired component.

TECHNICAL FEATURES

| | |
|-------------------|-----------------------------|
| Physical state | 400ml aerosol |
| Appearance | Light covered foamy liquid |
| Odour | Mild solvent |
| Auto flammability | unknown for blend >200°C |
| Can pressure | 3.5 bar |

STORAGE

Storage temperature should be kept below 50°C.
Storage area should be out of direct sunlight.

HEALTH & SAFETY

This technical information sheet does not constitute a Material Safety Data Sheet (MSDS). Before using this product ensure you have read and fully understood B3298 MSDS.

PRESENTATION

Aerosol.....400ml

PRECAUTIONS: This product and the auxiliary materials normally combined with it are capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Material Safety Data Sheets (MSDS) for this and all other products being used are understood by all persons who will work with the product. Warranty: All products purchased from or supplied by Bondloc are subject to terms and conditions set out in the contract. Bondloc warrants only that its product will meet those specifications designated as such herein or in other publications. All other information supplied by Bondloc is considered accurate but are furnished upon the express condition the customer shall make its own assessment to determine the product's suitability for a particular purpose. Bondloc makes no other warranty, either express or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or product will not infringe any patent.
